

Scholarship Biography – Helpful Hints

The Community Foundation is excited to celebrate you and your accomplishments! Please provide the Community Foundation with a short biography that will be posted on our Facebook page and website. In the biography we would like you to include:

1. Your name as you would like it shown.
2. Your year of High School Graduation and what High School you graduated from.
3. Where you plan on attending in the fall (or where you have been attending, and for how many years).
4. Your career goals
5. Any accomplishments you would like us to highlight

Below are two examples of past biographies.

Example 1: Christine is a 2017 Bronson High School graduate and is attending Michigan State in the fall to study agricultural sales. She fell in love with agriculture at a young age, and has been showing pigs at the national level since she was six years old. She has been enrolled in the Environmental and Agricultural Sciences classes at Branch Areas Career Center. She has an extensive list of volunteer work, including: FFA President, being a member of the National Honor Society, Kinderhook 4-H Club, and Showmanship Clinic. She has made the Honor Roll list every year of High School, and was the Branch Area Career Center Student of the Marking Period in 2016.

Example 2: Rachel is a 2014 graduate of Alma High School. She has recently completed her 3rd year at Michigan Technological University. She hopes to work in quality engineering and eventually work her way into a managerial position at a company. She is pursuing an economics minor. Her education at Michigan Tech has helped her get two summer internships with Oskhosh Corporations as well as Caterpillar. Her experience at both of these companies has really helped her come more successful as she continues her degree. She loves to spend her free time outside and trail riding is one of her favorite past times. She has been on a dirt bike since she was 10 years old. She has been a member of the Cycle Conservation Club for 4 years and once she is settled in an area after graduation, she would like to get more involved with the local club. Her end goal is to work for a company designing dirt bikes to better fit women.

Please contact the Community Foundation's office if you have any questions! Please email your short biography and a photo to the Community Foundation staff at: info@BrCoFoundation.org.
