

Brian Miller was born and raised in Coldwater, Michigan. He graduated from Coldwater Community Schools and attended Western Michigan University where he earned a bachelor's degree in Industrial Engineering in 2002.

He began his career at Guardian Automotive in metro Detroit as an Engineer. Brian returned to his hometown of Coldwater in 2004 and was employed by Summit Polymers in Sturgis, Michigan. He held Engineering positions that evolved into a Manufacturing Operations Manager position for automotive interior decorating and assembly while learning Toyota Production Systems. In December of 2010, Brian took a position at Asama Coldwater Manufacturing (ACM) as an Engineering Coordinator. He is currently the Senior Machining Manager at ACM and leads all machining and paint operations for ACM's brake rotors.

He and his wife, Amanda, who is the Assistant Superintendent of Coldwater Community Schools, have three children: Allison, Caroline, and Grant. Allison and Caroline attend Coldwater High School, where they are both very active in programs at their school including basketball, soccer, and volleyball. Grant attends Lakeland Elementary and enjoys sports as well as fishing, gaming, and spending time with his friends.

Brian enjoys watching his children perform at their events, spending time with his family, and traveling. He enjoys staying active by playing sports, including golf, basketball, tennis, and exercising. He has attended First Baptist Church of Coldwater since 2005 and is currently coaching for the Coldwater Redbirds Baseball program.

He is looking forward to the opportunity to serve on the Branch County Community Foundation so that he can use his talents to help a great community and great organization here in Branch County.
