MEMBERSHIP / MEMBER SERVICES

Membership is available to any organization who desires to improve the lives of families in Branch County by working together with other organizations. Potential members are asked to submit an application which will be reviewed by committee.

Membership networking meetings will occur every month on a day, time, and location determined annually. Members will receive emailed meeting reminders and may request information and announcements be emailed to other members and/or posted on the Network's webpage, if appropriate. Members will have the opportunity to have a 15-minute presentation about the member's organization. Members can request a date to have the presentation, or our coordinator will set up schedules for the members.
